# OUR MISSION

Homes 4 Homes builds safe housing for the world's most vulnerable families. These homes are given to immediately improve their health, safety, economic situation and dignity.

# OUR APPROACH

**COMMUNITIES ARE SELECTED**

**WE MEET EACH FAMILY**

**CONSTRUCTION BEGINS**

**WE DELIVER THE NEW HOME**

**WE SHARE THE STORY WITH YOU**

**COMMUNITY TRANSFORMATION**

We're committed to making a long term impact in each community we serve. Consistent support has greatly improved the health, safety, stability, and economic impact of families. We also evaluate if additional community needs are left outstanding. When necessary, we seek partners to meet those needs.

# 2023 MILESTONES

## Over \$1,300,000 Raised

Thanks to our incredible community of generous supporters, Homes 4 Homes raised over \$1.3 million in donations! We've now built a total of 1,073 homes that have impacted over 6,400 people in 13 communities.

## Akecha Church Opening

The community of Akecha celebrated the opening of their church, where nearly 2,000 people attended. The church has several hundred people in attendance each week, and the building is also utilized for a preschool program during the week. This allows the youngest members of Akecha to begin learning prior to attending government primary schools.

## A Night of Generosity

Our annual fundraiser, A Night of Generosity, was incredible. Over \$600,000 was raised at this event which funded a church building and homes for the entire community of Labuje, Uganda.

## The 1,000th Home

Home number 1,000 was given this year, marking a great milestone for our ministry.

# 2023

## GLOBAL IMPACT & FINANCIALS

IN 2023, WE RAISED

**\$1,376,855**

IN TOTAL DONATIONS

IN 2023, WE INVESTED IN

THIS IMPACTED

52	HOMES IN GUATEMALA	312	PEOPLE IN GUATEMALA
34	HOMES IN HONDURAS	204	PEOPLE IN HONDURAS
14	HOMES IN MEXICO	84	PEOPLE IN MEXICO

# WITH GRATITUDE

In looking back at 2023, we're overwhelmed with gratitude.

Thank you for trusting us with your gifts and willingly providing homes to so many families this year.

Your investment has encouraged and impacted thousands. As completed homes are given every week to families, signs of community growth are evident. School attendance is increasing, health centers are seeing less disease and illness, and families are spending more time together. You can see the joy that comes from a lighter load and a little more time to spend working in the garden.

Thank you for making our work possible. We have the highest hopes for 2024.

Looking forward, there are over 1,700 homes to be built within the 4 square mile radius where we work in Northern Uganda. We're committed to giving every family in this area a safe place to call home, completing one community at a time. There is a clear need to continue the work of collaborating with local partners to implement housing solutions for these communities. As we begin 2024, our teams are ready to build more homes at a faster pace. **Together, we can change these communities in Northern Uganda and Central America.**
